

PROJECT FACTS >>>>

STATE ROUTE 92 PROJECT DETAILS

- •Length: Seven miles from I-15 to the mouth of American Fork Canyon.
- Highland Blvd. to American Fork Canyon: Four-lane arterial.
- Highland Blvd. to I-15: Four-lane arterial with Express Lanes. Express lanes are one-lane in each direction and with entrance/exit points at specific locations.
- •Express Lanes would be grade separated at intersections to allow for unimpeded traffic flow.
- •Intersection of Canyon Road (S.R. 146) and S.R. 92 to be realigned.
- Highway is the main connector for the communities of northeast Lehi, Highland, Alpine, and Cedar Hills.
- Also serves as primary route to and from I-15 as well as local access.
- Trail segments from Murdock Canal siphon to UTA line and from 1200 East to American Fork Canyon will also be built as part of the project.
- Highland Trail to connect to Bonneville Shoreline trail near mouth of American Fork Canyon. Trail under-crossing to be built as part of project.
- Additional sections of trail will be constructed by area cities and Utah County.
- Project team is coordinating with other area projects.

FUNDING

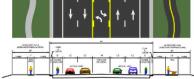

• Current funding: approximately \$139 million.

PROJECT SCHEDULE:

Phase	Milestones
Environmental	Underway
